

Aspects/Goals/Targets

Product/Service/Activity	Aspects	Impact	Objectives	Target(s)	Program	POC
OB/OD	Solid Waste, Air emissions, releases to soil	Soil, air, noise & Stormwater contamination	Eliminate open burning	Reduce pollution load by 50% by the end of 2005	Baseline and track pounds of current waste versus wastes destroyed in Incinerator and Chamber	Tom Solecki Gary Kosteck Dean Bracuti Freddy Sanchez Joe Caltergirone Ted Gabel Joe Clark
Building Maintenance	Wastewater discharges, solid waste	Water & Soil contamination Human Health	Minimize impacts from building maintenance & construction	100% tracking system for of environmental service orders/IJOs by 2005	Review all new IJOs/S.O.s for environmental impacts. Track utilizing database	Joe Clark Val Jurka Gil Myers Environmental Officers
Outdoor Testing	Noise Air Emissions & releases to soil	Air & Soil contamination	Reduce impact on the environment from outdoor ranges	Baseline for emmission in 2004, P2 initiatives for at least one range by 2005	Look at ranges versus uses.	John Bostonian Ted Gabel Gil Myers Freddy Sanchez
Environmental Monitoring/Measuring	Hazardous Waste, Air water permits	Air, Soil, water and noise pollution	Zero NOV's	Zero NOV's during the next year	Continuous review, update and train on Management plans.	Joe Clark Val Jurka Tom Solecki Environmental Officers
